FROM: David Schaller, Chief *D. Schaller*
Superfund Program Section

SUBJECT: Richardson's Flats Tailings

Enclosed are hard copies of the material we telefaxed to you today. Included are Dale Parker's September 4, 1984 letter recommending this site for the NPL and the cover page for the Ontario Mine's NPDES permit, with the Effluent Limitations and the Statement of Basis. Please note that the NPDES permit is for the mine discharge to Drain Tunnel Creek and the Provo River, not for the tailings and Silver Creek.

If you have any questions about this material, please call me or Kelcey Land at FTS 564-1519.
